

CBRNE / Hazmat Detection Simulation Platform for Fire Departments and First Responders

ANNUAL PLATFORM LICENSE

TIER	TYPICAL FIT	GUIDE PRICE / YR
Small	Volunteer and smaller departments (typically under ~50 members)	\$1,499.99
Medium	Mid-size departments (typically ~50–250 members)	\$2,499.99
Large	Large urban / regional departments (typically ~250–1,000 members)	\$4,999.99
Enterprise	Multi-service, county, and regional deployments (1,000+ or multi-agency)	\$9,999.99

Guide pricing only. Member ranges are guidance, not gates — tier selection, final pricing, and add-on inclusion are at the representative's discretion to make the deal. Volunteer and composite departments with limited budgets may be quoted at the Small tier regardless of roster size. License includes full platform access, unlimited scenarios, and software updates for the subscription term.

BUY ONTARIO / BUY CANADIAN

SYGNAL is Ontario owned and operated, developed in Ontario. Procurement-aligned under the Buy Ontario Act (Public Sector Procurement), 2025 and the Buy Ontario Procurement Directives (in effect April 13, 2026) prioritizing Ontario and Canadian goods and services.

NFPA 1010 AIR MONITORING

NFPA 1010 (JPR 6.3.21) requires Firefighter I candidates to demonstrate gas detection skills with a meter — recognizing alarms, monitoring the atmosphere, and verbalizing actions. SYGNAL delivers repeatable, documented air monitoring scenarios to build and prove that competency.
